

🔗 *Day Habilitation Without Walls*

Provides support for young adults who want to develop friendships and relationships with peers and people in the community, learn how to better read and write, and/or build volunteer experience and work-ethic in places where they would like to work or give back to the community.

🔗 *Pathway to Employment*

Our dedicated staff spend hours in classroom settings and in the community, working hand in hand with the people we support to help each one of them discover their interests, skills and talents while they work on all other essentials required to get a job. These supports lay the foundation for a successful pathway to employment

🔗 *Supported Employment (SEMP)*

Transitioning into a new work environment can be challenging, and sometimes the support services at this stage can make all the difference. Before becoming an active employee, our staff work with each person, as needed, to build on-the-job experience and ensure that the person is not only well supported—by job coaches or other supportive staff—but the work environment is accessible and hassle-free.

🔗 *Employment Training Program (ETP)*

Turning an internship position into a full-time position is one of the best ways to develop skills in a new job field and transfer those learned skills into a position with the same requirements. The Employment Training Program (ETP) provides people with disabilities with a faster track to becoming employed. Every internship leads to permanent employment at a local business in the community.

🔗 *Community Prevocational*

Through inclusive settings, people have the opportunity to learn employment readiness skills. These skills include but are not limited to following directions, attending to task, task competition, problem solving, safety, and/or may also focus on assisting the person to adjust to the productive and social demands of the work place. The purpose of the service is habilitative rather than teaching a specific job task skill.

🔗 *ACCES-VR*

In addition to the employment services through OPWDD (Community Based Prevocational, Site Based Prevocational, Pathways to Employment, Supported Employment (SEMP), and Employment Training Program (ETP)), ACCES-VR is an employment program funded by THE New York State Education Department, Adult Career & Continuing Ed Services. PCCS is a provider of ACCES-VR
